

Stage 14

Large Black Cove 2-Wall CYC Stage

Who Uses This Stage?

Another one of our premium offerings, Stage 14 is our second largest space and boasts the full suite of assets our clients come to us for. This space includes another enormous 2-Wall CYC, elevated production offices with option to add-on more through direct private door access from the stage, and an easy load-in with direct access to our back lot.

Offices and support spaces can be increased through the addition of 'The Suite', a private door accessed internally that's connected to a suite of 6 offices totaling 1,500 square feet. With as much power as a producer could possibly need, this is one of our most popular workspaces. Explore our privately connected, add-on office space here: [The Suite](#)
