

# Stage 3

Our Biggest Stage + Event Space

## Who Uses This Stage?

If it's a big space you're looking for, then Stage 3 is what you want. With one of the largest 3-Wall CYCs on the west coast – including an optional 210-linear-foot green curtain – production outfits looking for cavernous controlled environments come to us with a variety of builds, concepts, and lighting needs. This is also the home of “Big Bertha,” one of the largest pre-built lightbox in the world. Unique to Thunder, our ability to combine “Bertha” with another one of our lightboxes enables us to deliver 90 linear feet of lightbox capability.
